

Small Group Discussion Guide

(Week of March 20, 2022)

Open your group with a time of sharing and prayer. What is one thing you are looking forward to this spring?

I. Our chapter today finds Jesus interacting with several different groups of people. Let's begin with [Luke 18:15-17](#). Why were people wanting Jesus to touch their babies? What difference would his touch make in their lives? How did the disciples see the children? How did Jesus see them? What can parents do today to get Jesus' blessing on their kids?

II. Now read [Luke 18:18-29](#). In a sense, the rich ruler also wanted God's blessing. Apparently he was a good religious man. What was he lacking? Does God require all rich people to sell their possessions in order to follow Jesus? Explain your answers. What indicators could suggest that our possessions are actually possessing us? Share some ways that we can keep our material possessions from hindering our walk with God. How might God reward us if we do (verses 29-30)

III. Finally, skip over and read [Luke 18:35-43](#). What impresses you about blind Bartimaeus? What significance does the title "Son of David" have? How did this man know who Jesus was, he'd never seen him before? What principles about faith can we glean from this story?

Close your time in prayer. Ask God to show you any personal application from today's study.
