

Bible Reading 2021

## *Chart the Course*

Old Testament

Week of January 2, 2022

We continue in the Minor Prophets this week starting with the book of Joel. The prophet Joel calls God's people to turn back to God. A plague of locusts will come to swarm the land followed by drought and starvation because of their sin. The Assyrians will follow the locusts. The only hope is repentance and renewed trust in God. Even so, Joel looks to a future day when God will pour out his spirit on his people and the nation will be restored.

Following Joel, we will survey the book of Amos. He writes to the kings and people of the Northern Kingdom during the 8th century, calling for them to return to God. His primary theme is the perversion of God's justice and the resultant judgment that awaits Israel. The last chapter of Amos offers hope for a future restoration of the nation.

Finally, Obadiah is a short one chapter book not targeted at Israel but rather the neighboring nation of Edom, descendant of Esau, Jacob's brother. The principle sin of the Edomites was pride, evidenced by their ongoing enmity with their "brothers", Israel. Their doom is secured and judgment upon them as a nation is coming. They will be destroyed but Israel will eventually be restored.
